2013-2014 ALL-(Region, Tournament, State) TEAM SELECTION PROCESS

GENERAL INFORMATION

1. There will be a Boys' & Girls' – All-Region, All-Tournament and All-State Team. (Each conference is encouraged to name an All-Conference or All-Sectional Team.)

2. Points will determine the **'ALL'** Teams and their placements. Points accumulated through the regional will determine the All-Region teams representing the areas feeding into each regional. Points accumulated in tournament play will determine the All-Tournament teams. Total points accumulated from the start of the season through the finals will determine the All-State Teams.

3. All student athletes meeting criteria are eligible (multiple athletes from a school could make these teams.) This award is open to all bowlers in the freshman through senior class (Varsity players only).

4. The All-Region teams will name a minimum of 5 boys and girls to the team representing the area feeding into each Regional.

5. The All-Tournament team will recognize a minimum of 5 boys and 5 girls who score the most points during the tournament.

6. There will be a First Team, Second Team and Honorable Mention (a minimum of five members on each team) for boys and girls, named to the All-State teams. All tie scores will be placed on the appropriate team.

7. All coaches or coordinators **MUST** submit a final league sheet along with the application.

8. Applications **MUST** be returned to the IBCA office by **Jan 29, 2014** with conference and sectional rank and points included. The state office will compile points for regional, semi-state and state finals.

9. All recipients will be eligible to bowl in the All State tournament on March 1, 2014.

POINT CRITERIA EXPLANATION

1. **Conference Average**. The individual bowler will be awarded points based on how his/her average ranks against other bowlers in that conference. The top average will receive **60 points** and each lower place will receive **6 points less**. *Example: the first ranked person will receive 60 points and the second 54 points and the 10th ranked bowler will receive 6 points. All* averages used must be based on a minimum of 10 games. Averages will be figured to decimals to determine rank. Final average sheet must accompany application.

2. **Independent Team Bowlers**. Independent bowlers will match scores against the State's Top Ten list for conference points.

3. **Playoff Scores**. Bowlers will be awarded points for their singles score and placing at sectional, regional, semi-state and state. All advancing bowlers will receive at least one point. The winners' points will increase at each level. First place at sectional is worth 7 points, regional 9 pts, semi-state 11 pts and finals 13 pts. Each lower place will receive 1 less point. If they do not advance, they will receive zero points. Only the top ten at the finals will receive points (places 11-18 will receive 0 pts).
